*The 2017 South Carolina Academic Standards for Health and Safety Education were approved by the South Carolina State Board of Education on August 8, 2017 (second/final reading), and remain the current adopted standards. They are built on the 2007 National Health Education Standards (NHES). High School performance indicators are coded [Key Concept]-HS.[Standard].[Indicator]; symbols preserved from the source: ++ marks content that must be taught separately to male and female students (S.C. Code §59-32-30(F)), and \* marks wording drawn verbatim from the National Health and Safety Performance Standards. Indicator code "I-HS.4 1" is printed with a space (not a period) in the official PDF and is reproduced here as printed (logically I-HS.4.1).*
